1. A letter from.....

"We pledge," says the UN, in its manifesto on the Sustainable Development Goals, "that no one will be left behind [in the collective journey to end poverty and inequality]." In addition, the most marginalised will be prioritised: "We will endeavour," the UN pledges, "to reach the furthest behind first."¹

It is in this context that the Netherlands Ministry of Foreign Affairs ("the Ministry") designed a special fund, called Voice, with the objective to support rightsholder groups in their efforts to exert influence in accessing productive and social services and political participation. Voice forms an integral pillar of the Ministry's overall Dialogue and Dissent² and Power of Voices³ frameworks which aim to strengthen the capacity for lobby and advocacy of civil society organisations in low- and lower-middle-income countries to allow for participation in mainstream development processes. Voice is executed by a consortium of Oxfam Novib and Hivos which coordinate the programme at national in the ten Voice focus countries⁴.

Yayasan Humanis dan Inovasi Sosial (Yayasan Hivos) is responsible for Voice Indonesia. In Indonesia, Voice targets four rightsholder groups:

-  People living with disabilities;
-  Lesbian, Gay, Bisexual, Transgender, and Intersex community (LGBTI);
-  Women facing exploitation, abuse and/or violence;
-  Vulnerable youth and elderly;
-  Indigenous groups and ethnic minorities.

Following Indonesia's updated context analysis, Voice continues to focus on the intersections and linkages between these groups by looking closely at the disability status, gender identity, sexual orientation, age, ethnic background, and belief.

These groups are often the hardest to reach. Therefore, innovative approaches to strengthening capacity of lobby and advocacy as well as empowerment are essential. A linking and learning process encourages sharing of lessons learned, and provides a forum for mutual learning and empowerment of the rightsholder groups. Voice is an eight-year programme, for which a total of €86 million is available for programme-, grants-, management- and linking and learning costs. This includes a total of €60.2 million available for grants for ten countries, the Voice 2016-2023 Fund.

³ <https://voice.global/assets/2019/12/Voice-policy-frame-Extension-English-November-2019.pdf>

⁴ The Voice focus countries are: Mali, Niger, Nigeria, Kenya, Tanzania, Uganda, Indonesia, Philippines, Laos and Cambodia.

Most –if not all- the information is available via www.voice.global including all Calls for Proposals and relevant information regarding the grantees.

This grants manual is meant for (potential) grantees to help them decide on whether and how to make a grant application and what the reporting requirements are. As with all documents in Voice, this is a ‘living’ document. If you have any feedback on how Voice can improve its grant-making, you are very welcome to do so via indonesia@voice.global.

Thank you for joining us on this exciting journey!

The Voice family

2. What types of grants will be awarded?

The Voice grant facility is designed to support informal groups as well as formal organisations and networks. The lead applicant needs to be legal registered and have a bank account in the applicant's name. The Grant types are the following and all will be announced via the Calls for Proposals page: <https://voice.global/calls-for-proposals-overview/>:

Empowerment grant: Intended for (informal) groups or organisations led by rightsholders to raise awareness, develop transformative leadership, build confidence and skills, strengthen already existing capacities, and work on their own empowerment process—at individual and/or organisational level. Empowerment grants are smaller grants with a maximum timeframe of 36 months. Informal groups can access funding by partnering with a formal host organisation. Empowerment grants are available for a maximum of EUR 25,000 at national level.

For the Extension Phase, Voice introduced an Empowerment sub-grant type called Empowerment Accelerator. These are intended only for previous Empowerment grantees to promote and sustain the participation of rightsholders where they can continue to deepen their empowerment processes at the individual, group, and/or organisational levels. These graduation grants available only at the country level can be up to EUR 50,000 for a maximum of three years.

Influencing grant: Supporting organisations and networks led by rightsholders and/or their representatives or allies, using a range of lobby and advocacy tools to influence the policies, programs/services, practices and/or behaviours of individuals, families, communities, private and public sectors, religious leaders, (social) media, and/or other decision makers. Influencing grants are the biggest most-in-demand grants with a timeframe of 18 to 36 months. Influencing grants at country level are available up to EUR 200,000 while global multi-country grants have a higher ceiling of EUR 500,000.

Innovate and Learn grant: Targeting rightsholder groups who want to work with organisations and social enterprises to test, scale, and share new inclusive approaches. The approaches are more about human-centred design, learning by doing, and Linking & Learning, and less on technology/new applications. The approaches need to address issues relevant to the empowerment and influencing

processes of rightsholders. Innovate and learn grants have a timeframe of 12 to 36 months and are available up to EUR 250,000 both through a national and/or global Call for Proposals.

At the country level, a specific call is issued to select dynamic learning organisations to support the Linking and Learning trajectory of the grantees either on their own or with other stakeholders. These organisations also promote the participation of rightsholders groups, amplify their voices at various levels, facilitate the creation of communities of practice, coordinate the creation of online platforms, facilitate collaboration, organise events, develop thought-provoking pieces, and produce other relevant creative works.

Sudden opportunity grant: Creating flexibility to undertake collective action to address specific unanticipated opportunities. This could be to influence policy or to deal with a threat, such as the reduction of civic space, which impacts one or more of the rightsholders (groups) in one or more of the impact themes. Sudden Opportunity grants have a timeframe of 6 to 12 months and are available up to EUR 200,000 both through a national and/or global Call for Proposals available on a rolling basis.

For each modality of grant, there are different approaches related to making applications, assessing grants and reporting against grants. Empowerment grants and smaller grants designed to address sudden opportunities will be more flexible and contain fewer requirements. Influencing and Innovate and Learn grants will contain more requirements to mitigate risk and increase accountability. We also strongly urge you to review the Frequently Asked Questions available via: <https://voice.global/f-a-q/>.

Voice stands out from other grant-making programmes by developing a grant application and reporting process that is accessible, user-friendly and innovative, adapted to the target groups and grant type.

3. How to make an application

Steps	Task	Activities
Step 1	Preparation for calls for proposals.	Based on country context analysis, the Voice Indonesia provides guidelines for themes and subjects that the Call for Proposals could focus on. This process is repeated on an annual basis for each subsequent Call for Proposals. We also use an analytical tool using PowerBi to analyse the applications received via the Online Application System called Smartsheets.
Step 2	Calls for proposals	Advertising the Call for Proposals as approved (at least 6-weeks for applicants to respond). Outreach and communication activities are designed to reach the target groups and are announced on social media.

<i>Step 3</i>	Support	<p>The application process is viewed as a capacity building exercise and applicants should receive useful feedback should they be eligible for a project check. Voice Indonesia organises information sessions on the proposal using creative settings.</p>
<i>Step 4</i>	Screening	<p>Voice is designed as a competitive application-based grant-making programme. Therefore, an organisation must submit an application to receive funding. Applications are reviewed using an open and transparent assessment method.</p> <p>For Empowerment grants, applications can be submitted in Bahasa Indonesia or English using a variety of media (e.g. audio, video, photos) in addition to their written proposal. All proposals for other grant types need to be written in English.</p> <p>Voice screens proposal applications against the eligibility and criteria requirements (six weeks for screening with extension depending on number of applications received). Proposals which pass these requirements will be subjected to a project check. This assesses the each proposal's objectives and activities, how these responds to the target groups' needs, the monitoring plan, and the soundness of the budget.</p>
<i>Step 5</i>	Selection	<p>Once the screening is complete, recommendations for grant awards and capacity development are submitted to Yayasan Hivos management and the Voice Global Coordination Team for approval. Each short-listed application are rated and ranked using the selection criteria provided below.</p>
<i>Step 6</i>	Agreements	<p>Voice provides selected applicants with feedback to further improve and refine their proposed project and budget. Site visits may be undertaken to ensure that applicants have minimum governance and accounting protocols and/or to review existing programming.</p> <p>The pre-contracting stage does not mean a grant has been awarded to the applicant. Voice reserves the right to reject an applicant if they do not pass an organisational assessment and/or no mutually agreeable proposal and budget can be arrived at.</p> <p>One the project is finalised, Voice enters into a Grant Agreement with successful organisations. The Grant Arrangement will apply for the period of time required to complete the project. The time plan and approved budget are an integrated part of the Grant Agreement. The Grant Agreement outlines the requirements under the grant and other terms and conditions.</p>

When should your organisation submit an Application?

Calls for proposal are published annually via www.voice.global and shared via www.facebook.com/voice.global.online or <http://twitter.co/voicetweetz> at a minimum.

This means that proposals can be submitted at any time when calls for proposals are open via www.voice.global but will be reviewed according to the following schedule:

Type of Grant	Submit Before	Response by	Contract Signing
Indonesia Empowerment, Accelerated! <i>(Empowerment Grant)</i>	31 December 2020	25 th January 2021	1 st March 2021
Claiming Civic Space! <i>(Influencing Grant)</i>	28 February 2021	3 rd May 2021	30 th July 2021
Inclusion Matters! <i>(Innovate and Learn)</i>	31 March 2021	Mid-May 2021	End of September 2021
Power in Action! <i>(Empowerment)</i>	31 December 2021	Mid-March 2022	End of July 2022
Sudden Opportunity	31 July 2022	Mid September 2022	End of November 2022

Voice Indonesia aims to review all proposals against eligibility and project criteria within at least 4- 6 weeks. After six weeks, the rejected applicants will receive a response. Those that are taken to the final stage (“*organisational assessment*”) will have up to 10 weeks more for proposal and budget revisions, organisational assessments, donor checking and contracting. All applicants will be notified of the outcome of their application, but only those that have undergone a project check will receive detailed feedback.

Regarding outreach, the country team will conduct targeted outreach corresponding with the above cycle.

Who can make applications?

Applications can only be submitted by organisations which possess legal registration, or which are officially recognised by for example a commune chief. Voice does not accept applications from individuals. The eligible organisations need to have and/or open a bank account in the applicant’s name. They can independently submit a grant application or form part of a consortium in a joint application. A consortium is a cooperative of two or more civil society organisations, which implements a joint, integrated project in which all parties contribute to the total. They draw up a cooperative agreement for this purpose. In this case, a consortium representative (known as the ‘lead party’) submits the grant application on behalf of the consortium as a whole. Only the lead party needs to be legally registered, not all consortium members. If the application is granted, the lead party is responsible for implementing the consortium’s project. Applicants may form a partnership with other not-for-profit organisations or social enterprises to implement the project or its components, however, such partnerships must be identified within the grant application. Applications may also include activities to strengthen the capacity of the organisation, please refer to the relevant sections below.

International organisations are not eligible to apply as a lead applicant. They can be part of a consortium or play a supporting role in a project. Local organisations who have annual incomes of more than 2 million euros are not eligible to apply.

For Empowerment grants, informal groups can apply through a hosting agreement with a registered organisation. Host organisations can play a variety of roles such as building the capacity of the informal groups or only managing the project's finances. In any case, host agreements need to be submitted when proposals reach the pre-contracting stage. These will clearly describe the roles each group or organisation will take.

Where should we send our application?

Applications for grants from Voice must be submitted using the forms made available on the Calls for Proposals. Applications should be complete and without reservations submitted via the appropriate page on voice.global/indonesia. Please note that the maximum file size of documents that can be received is 250 MB.

On Smartsheets, please tick the box: "Send me a copy of the responses." This will assure you that the application has indeed been submitted. Upon completion of the selection process, we will send you an Email to inform you whether your application has been successful. We only provide detailed feedback for the shortlisted proposals that were rejected after a project check.

Only complete applications will be screened for eligibility. Only eligible applicants who reach the project check will be given feedback. All applicants can however, request for feedback from Voice Philippines regarding their application.

What if you have questions about the process?

Questions about applying for a Voice grant may be submitted via email or consultation sessions. Before doing so, we urge you to review the Frequently Asked Questions at <https://www.voice.global/f-a-q/> to see whether your question has already been answered. If it hasn't, please contact us indonesia@voice.global. We will strive to give a quick response and if relevant, add your question anonymously to the website.

When will funding decisions be made?

For Empowerment, Innovate and Learning, and Influencing grants, Voice decides upon your application within six weeks of the deadline according to the schedule above.

For Sudden Opportunity Grants, the application process is revised as a two-stage process which will enable quicker assessments. The first step is to provide the Voice country team with a 2-3 paragraph description of the situation and the actions to be taken who will then quickly determine eligibility. You are invited to provide a full application if the sudden opportunity applicant and the project is eligible which will be reviewed upon its merits as other grant types (see below).

What makes a successful application?

The following factors are provided as a guide to inform potential applicants of whether or not their application is focused on issues that are encouraged and therefore likely to be considered:

- Activities support and complement “the Voice impact themes and target groups”;
- Communication and engagement approaches that contribute to awareness, influencing understanding, cooperation and collaboration;
- Demonstration of links and/or coordination with relevant organisations, communities and government;
- Promotion and participation of women at all levels in activity implementation;
- Demonstration of benefits created by the project will be properly or widely disbursed;
- Activities that demonstrate long-term benefits for constituents and/or marginalised and discriminated people;
- Demonstration of skills and experiences in the community/civil society/sector and geographic area;
- Demonstration of project management understanding and approach to grant use;
- Promotion of inclusive and accountable transparent processes;
- Co-contributions proposed by organisation and/or Voice target groups i.e. labour, office, materials and funds;
- Organisation is target-led in its governance, staffing structure as well as in its implementation follows the principle of Nothing About Us, Without Us.
- Experiences, lessons learned, methodologies will be documented and shared with target groups and other stakeholders.
- Innovative approaches to empowerment and influencing processes of target groups.

Unsuccessful Factors:

- Application does not meet criteria;
- Application is not in Voice format or key questions left unanswered;
- Activities with an unreasonable high proportion of administrative support costs and asset acquisition;
- Funding for freight;
- In general, purchase of motor vehicles, land or buildings;
- Lack of competitive costing detail, and charges for application preparation;
- Funding of commercial services, investment or other commercial activities;
- Over emphasis on staff training;
- For Sudden Opportunity and Influencing grants, budget proposed is more than 50% of the annual income of the consortium;

Linking and Learning

The Linking and Learning component provides an exciting opportunity to link to other stakeholders and to learn together. Voice promotes and supports linking and learning throughout. Also, within the grants. All grantees are encouraged to include linking and learning activities in their proposal and ways of working.

Therefore, Voice invites you:

- To plan for involvement of the target group(s) and main stakeholders in all project phases and relevant decision making;
- To develop a change agenda for the project in particular and if relevant, for your organisation in general;
- To develop your own learning agenda or learning questions;
- To join one of the Communities of Practice that will work on different learning questions;
- Propose innovative approaches or solutions that can be tested and if successful, be scaled up;
- To document all the learning and changes happening within your project;
- To engage in gathering stories of change as part of the monitoring and evaluation of the project;
- To engage actively with other grantees and the Voice team to overcome challenges and to learn from successes but even more, from 'failures' and challenges.

4. How will your application be assessed?

Voice uses a 3-step assessment process. These are:

1. Eligibility or threshold criteria: minimum standards that all applications must meet. If an application does not meet all of the threshold criteria, it will be rejected.
2. Criteria relating to the quality of the project proposal (project check).
3. Criteria relating to the quality of the applicant organisation or the lead party of the consortium (organisational check).

For the small grants (empowerment grants up to €25,000) a lighter / adapted version of these types of criteria apply.

Step 1: Eligibility or threshold Criteria

The eligibility criteria are minimum standards that all applications for Voice grants must meet. The criteria are as follows:

- a.** Applications can only be submitted by organisations which possess legal registration/recognition and a bank account in the applicant's name -even if just opened for the purpose of Voice.
- b.** Except for Empowerment grants (informal groups), applications are only open to locally registered Filipino organisations.
- c.** The project **needs** to address one or more of the **Impact Themes**:
 - Improving access to (productive) resources (finance, land and water) and employment
 - Improving access to social services, health and education in particular

- Fostering space for political participation
- d.** The project benefits one or more of the following rightsholder groups
- Persons with disabilities
 - Lesbian, gay, bisexual, trans-gender, queer, intersex (LGBTQI) people
 - Women facing exploitation, abuse and/or violence
 - The elderly/senior citizens and young people
 - Indigenous groups and ethnic minorities
- e.** As a sudden opportunity or threat cannot be influenced by one organisation or entity exclusively, an application to address a sudden opportunity must include collective actions⁵.
- f.** The applicant or the lead party (if the application is made by a consortium) is a legally registered not-for-profit civil society or community-based organisation with an operational bank account in the applicant's name. Social enterprises are welcome to apply and must be able to show how their social mission is embedded in their organisational processes.
- g.** The applicant or the lead party (if the application is made by a consortium) is a local entity with an operational bank account in the applicant's name.
- h.** The applicant or the lead party is preferably rightsholder-led and/or substantially works with Voice rightsholders to build their capacity to lobby or advocate for their interests or to have their voices heard. For organisations with broader objectives, it is also possible to demonstrate this on the grounds of the organisation's track record.
- i.** The applicant (and all co-applicants, if the application is made in consortium) is an organisation which has core values similar to the objectives of Voice, being the equal treatment and recognising the equal rights of every human being, regardless of gender identity, race, colour of skin, nationality or ethnicity, religious belief, disability, sexual orientation, social class and age.
- j.** The applicant, lead applicant and/or co-applicant is not a (Consortium or Alliance) Partner of the Netherlands Ministry of Foreign Trade and Development Cooperation Strategic Partnership within the frameworks of "Dialogue and Dissent", and "Power of Voices".
- k.** For Influencing or Sudden Opportunity Grants, the applicant must demonstrate that, as of 1 January 2020, grants awarded from Voice will derive no more than 50% of the total annual income of the applicant organisation. The applicant can demonstrate this is the case on the basis of

⁵ Behaviour or actions of a group of individuals or organisations working towards a common goal. When individuals or organisations engage in collective action, the strength of the group's resources, knowledge and efforts is combined to reach a goal shared by all parties.

income over 2018-2019 and/or awards and grants it has secured for future years. In the case of a consortium, annual income of all members may be combined. This means, for example, if the lead organisation derives more than 50% of its annual income from Voice, the annual income from other consortium members may be included. How to calculate 50%:

Application budget per year
Divided by
Annual Income (For one year or average of two years) PLUS Application budget per year

- l.** A grant application must be for funding of one of the following grant modalities and must apply for an amount and duration corresponding accordingly:

Grant Modality	Maximum Amount	Length in between
Empowerment	€25,000	12 to 36 months
Influence	€200,000	18 to 36 months
Innovate & learn	€250,000	12 to 36 months
Sudden Opportunity	€200,000	6 to 12 months

- m.** The proposed grant cannot fund activities undertaken in the past.
- n.** The proposed grant does not relate to the funding of commercial services, investment or other commercial activities.

Step 2: Project Check

If the quality of the project is insufficient, the application is not considered. The project check assesses the quality of the project on the basis of the following generally quality criteria and with specific criteria listed for each type of grant:

General Criteria

1. *Context analysis*: the extent to which the proposal, especially the defined problem and objective, reflects context analysis findings.
2. *Project Success analysis*
 - The extent to which the project provides a description of outcomes, outputs, proposed activities and resources, and a clear link has been established between the outputs to be achieved and the resources necessary to do so.
 - Risks, monitoring and corrective action: satisfactory risk management is in place, consisting of a satisfactory risk analysis and a satisfactory system for monitoring and corrective action.
3. *Value-for-money*: the degree to which the project will efficiently utilise resources to undertake the activities and attain the outputs.

4. Please note that in case INGOs are invited to join as a technical partner by the lead applicant, only direct activity costs can be included in the budget and no management costs or costs of their HQ. In addition for INGO that are in a consortium with local entities, please note that the Annual Income can only be the in-country income and not at global level.

Empowerment grants

In addition to the general criteria, Empowerment grants are assessed with the following criteria:

1. *Rightsholder Representation*: the degree to which the project and organisation involves, represents and effectively raises awareness, develops transformative leadership, builds confidence and skills of the rightsholders themselves.

Influencing grants

In addition to the general criteria, influencing grants are assessed with the following criteria:

1. *Rightsholder Representation*: the degree to which the project and organisation involves, represents and effectively amplifies the voices of, and builds the influence of rightsholders.
2. *Advocacy and Lobby*: the degree to which the project supports rightsholders to influence stakeholders to implement new procedures and policies, and create new and unexpected connections and partnerships.

Innovate and Learn grants

In addition to the general criteria, Innovate and Learn grants are assessed with the following criteria:

1. *Rightsholder Representation*: the degree to which the project and organisation involves and represents the Voice rightsholder groups.
2. *Innovation and scalability*: The degree to which an idea is new, given the context, and leads to the empowerment and amplification of one or more Voice rightsholder group(s). Includes an analysis of the applicants' capacity to implement, scale up and sustain.

Sudden Opportunity grants

1. *Rightsholder Representation*: the degree to which the project and organisation involves and represents the Voice rightsholder groups.
2. *Meeting Opportunities*: the degree to which the project analyses and responds to a new opportunity to raise awareness, develop transformative leadership, build confidence and skills of one or more Voice rightsholder groups and/or amplify the voices and build the influence of the rightsholders.

Step 3: Organisational Check

For organisations to be awarded a grant within Voice (except Empowerment grant), the organisational assessment needs to be satisfactory in terms of quality and completed in its entirety. Deficiencies found through the organisational check will be communicated with the applicant to

develop a capacity development plan that may be funded by the Voice grant. Organisations which are determined to be high risk as a result of the organisational check are ineligible for funding. The organisational assessment is a review of the following: Governance and Integrity, Financial Management and Procurement, Human Resources and Program and Project Management. The scope of an organisational assessment is dependent upon the type of grant applied and there are specific ones for Voice.

Organisations should be open, motivated to learn, and interested in the key Voice principles. The answers to their self-assessment could be discussed. The Voice country team could compare the organisation's assessment with their impressions and agree on possible capacity strengthening needs to be included in the grant.

The assessment process is a moment to promote inclusion of linking and learning elements in the grant proposals. When needed, the Voice country team can organise a (brainstorm) session with several grantees to come up with areas of common interest and possible activities to bring people together around a common aim or theme. It is also an opportunity to promote the inclusion of creative actions in the proposals.

Empowerment Grants

Applicants for Empowerment grants are assessed with the following criteria:

1. *Governance and Integrity*

- The applicant has a clear purpose and acts on decisions collectively.
- The degree to which the leadership is respected by the rightsholders.

2. *Financial Management:*

- The quality of financial and administrative management is adequate to safeguard payments and purchases.

Influencing Grants and Sudden Opportunity Grants

In addition to organisational assessment criteria of applicants of empowerment grants, applicants of influencing or sudden opportunity grants are assessed with the following criteria:

1. *Governance and Integrity*

- The applicant has a coherent and realistic strategic plan. (review of the quality of formulation of objectives, intended results and indicators; explanation of strategic choices)
- The applicant is accountable to and communicates effectively with its primary constituents/beneficiaries. The applicant (management) encourages and supports internal learning and reflection processes.

2. *Procurement and Finance Management*

- The quality of financial and administrative management is adequate to ensure financial accountability. (Budget, funding plan, financial management, financial report)

3. Programme and Project Management

- The applicant has an appropriate monitoring and evaluation process (documentation & data collection, involvement of stakeholders, quality of analysis and learning)

4. Human Resources

- The applicant has an appropriate monitoring and evaluation process (documentation & data collection, involvement of stakeholders, quality of analysis and learning) and uses it for accountability and learning purposes.
- The number, composition and expertise of staff is adequate in view of the applicant’s objectives and programmes.

Innovate and Learn Grants

In addition to organisational assessment criteria of applicants, Innovate and Learn Grants are assessed with the following criteria:

1. *Governance and Integrity*

- The applicant has a coherent and realistic strategic plan. (Context and problem analysis; Theory of Change; quality of formulation of objectives, intended results and indicators; explanation of strategic choices)
- The applicant is capable to mobilise sufficient financial resources, and (where relevant) non-material resources from members/ supporters.
- The applicant is internally transparent and accountable. (Relations between staff, direction and board; quality of decision-making process)
- The applicant maintains relevant institutional relationships with external stakeholders and is seen as credible and legitimate.
- The applicant is capable to maintain consistency between ambition, vision, strategy and operations. The management is able to deal strategically with external pressure and conflicting demands.
- The applicant formulated objectives with regard to the position of women and issues of gender equality.

2. *Procurement and Finance Management*

- The quality of financial and administrative management is adequate to ensure financial accountability and transparency. (Budget, funding plan, financial management, financial report)
- The organisation maintains annually audited accounts

3. *Programme and Project Management*

- The applicant has an appropriate monitoring and evaluation process (documentation & data collection, involvement of stakeholders, quality of analysis and learning) and uses it for accountability and learning purposes.
- The applicant (management) responds adequately to trends and changes in the context and uses up-to-date strategies and knowledge.

5. If your application is not successful

You will receive written notification if your organisation has not been approved for funding. We encourage you to contact the Voice Indonesia team to arrange for discussion about your application. Often, this feedback process can assist an unsuccessful applicant to identify weaknesses in their application, to re-think their proposal and possibly to re-apply for the next call for proposals.

6. After a grant is awarded

What happens if my organisation is endorsed for funding?

Voice will invite you to discuss and finalise the project. This provides an opportunity to review any changes that may have taken place since writing the application. It also provides an opportunity for Voice and your organisation to review the project risk and make small revisions to the activities, budget, timeline and outputs as needed. From the review of the application, Voice may also have some questions or concerns that we will ask your organisation to review and consider.

Approval is only conditional upon a mutually agreed upon final narrative and budget proposal as well as passing the organisational assessment. Voice can withdraw its approval at any time.

Grant Agreement

Once the project is finalised, Voice enters into a Grant Agreement with your organisation. The Grant Agreement is based on the authority provided by the Netherlands Ministry of Foreign Affairs to Yayasan Hivos.

Grant Agreements are concluded with organisations for well-defined and described proposal. The Grant Agreement applies for the period of time required to complete the project/research. The time plan and approved budget are an integrated part of the Grant Agreement. An *organisational capacity assessment* is

concluded with grantees and plans to improve a grantees capacity can be incorporated within the final Grant Agreement.

The Grant Agreement outlines the requirements under the grant and other terms and conditions that your organisation will need to adhere to. The Grant Agreement covers among other things performance standards and terms of release of funds that may be in tranches. Voice provides a copy of the Grant Agreement. The person with signing authority in your organisation needs to sign the Grant Agreement prior to proceeding with financial management arrangements. Projects approved for funding are normally required to begin within one month of the signing of the Grant Agreement (execution).

How will the Grant be Monitored & Evaluated by Voice?

Voice management and staff monitors the integrity and performance of all grants approved. Voice conducts site visits, quality and financial audits and compliance inspections on a periodic basis.

For all projects, recipients are required to safe keep financial records and receipts for inspection as needed. All grantees are subject to periodic and regular review, and unannounced spot-checks by Voice. Annual audits are required of all grants valued at more than €100,000. The costs of the audit need to be included in the budget proposal. Apart from this, a number of other grants will be subject to audit, the selection of which will be based upon recommendations of the in-country Voice team.

How will your organisation communicate with Voice?

The Voice country and coordination teams want you to succeed. If your organisation has any questions or concerns about the Grant Agreement or how to report, please do not hesitate to contact us. We are happy to answer your questions and help you with fulfilling the requirements under the Grant Agreement. Your first contact will be outlined in the Grant Agreement. You are also welcome to contact us to talk about improving your organisations ability (operational, management and technical); the Voice team may have some suggestions on this.

If your organisation is not able to meet the requirements under the Grant, then you must contact Voice. The Voice team will try its best to work with you to come up with solutions to help your organisation move forward and learn from setbacks. In some cases, especially as a result of events that are not in your control, you can request a modification of the Grant. As soon as you think that circumstances may require a change to your Grant, please speak to your Voice focal point to receive guidance before submitting the request.

How will your organisation report to Voice?

There are 2 main type of reports: narrative and financial. Reports are submitted in accordance to a reporting schedule, payment schedule, and monitoring requirements agreed during the contracting period. These are enumerated in the Grant Agreement. In general, reports are due every 6 months.

Narrative reporting

There are 3 different ways of delivering such reports depending on the reporting period. There are Progress Reports (6-month period), Annual Reports (12-months period) and the End of Project Report (entire project period).

- *Progress Reports:* These capture progress within short time periods and is based on a conversation with the Voice team. The conversation or meeting with the Voice team can be arranged to be done face-to-face or virtually. The Voice team will moderate the semi-structured conversation to cover the following points:
 - The external environment. To identify any significant (positive or negative) changes happening in the local, national, regional, or global context (e.g. changes in existing legislation) that relates to your project and rightsholder group(s).
 - Project implementation update and engagement with stakeholders. How was the implementation? What type of activities are you using to engage with the relevant rightsholders targeted through your project? Which one(s) of these activities did you find particularly successful? Have you encountered any difficulties reaching out to / working with those groups?
 - External Communications and Amplification. Are there any interesting stories do you want Voice to highlight? How are you engaging with other stakeholders or sharing your story?
 - Risk analysis and mitigation strategies. To check if these risks are likely to materialise or if there are new risks that we need to address or prepare for.
 - Linking & Learning. To jointly explore what have you learnt from the implementation of your project thus far. How are you documenting your learning? What are you and/or the rightsholder groups doing differently as a result the project? Has Voice enabled you (and/or other organisations working with you as part of this project) to use new ideas and/or innovative approaches to your work?
- *Annual Report:* This report cover one whole year of project implementation and is submitted annually via an online online form.
 - The Annual Report is designed to help you capture more detailed insights into the change that your project is bringing about, and how this change happens. It covers the same topics as the progress report with a few additional questions:
 - Evidence of contribution of your project results to the global Voice outcome areas
 - Stories of Change. Which depict the change on an individual or a group that your project has contributed to. The way that you will narrate the story is completely open: It could be in a narrative form, audio, video, etc. We have classified the categories of change that we would like to zoom in, on the report itself.
- *End of Project Report:* This report covers the whole project period and is submitted via an online form a month after your project is complete.
 - It's an opportunity for you to highlight key achievements, moments, outcomes and results from your work. It will be good to also reflect on the brilliant failures you learned from.
 - Voice will want to hear more about how you are planning to continue the project or how will you build on your successes.

Financial reporting

- *Financial Report:* The financial report are also submitted every 6 months. They need to be completed against the approved budget. It is expected that a ledger is kept (i.e. summarising all financial transactions related to the project) and shared.

- Financial reporting also depends on the size and the life span of the grant and will therefore be included in the grant agreement. Financial reports need to be delivered in the template provided.
- Your organisation will maintain a separate ledger for the Voice grant that includes all project expenses. Based on this ledger you will calculate the project expenses per budget line, register this in the appropriate column in the template and calculate in a separate column how much money is left for that budget line and percentage. You may shift funds from one budget line to another within the same budget heading, but only to a maximum of 10% and you will always inform the Voice team about such changes. If you required changes over 10% you will have to obtain approval of the Voice team beforehand.
- Supporting documents, that prove that you made the expenditures, need to be kept on file for a period of 10 years after the project ended for a possible audit. More details on which supporting documents you need to keep on file will be given to you by the Voice Country and/or Coordination Team.
- *Audit Report:* An audit report is only required for all grants over 100,000 EUR. It is to be prepared and submitted after Voice approves the last financial report.

Forms

The appropriate forms such as application form, budget template as well as assessment template will vary with each Call for Proposal which is available via <https://voice.global/calls-for-proposals-overview/>

7. Fraud and Corruption

Fraud is described as “dishonestly obtaining a benefit by deception or other means”. The Voice has a “zero-tolerance” to any forms of fraudulent or corrupt activity. This means that Voice, supported through Oxfam Novib and Hivos policy will not condone any form of fraudulent or corrupt behaviour in its operations such as payment of bribes, facilitation payments or “hidden” commissions for any reason. Organisations receiving Voice funding support shall have mechanisms in place to manage fraud including prevention, detection, investigations and reporting.

If you like to report an incident or have proof, or a justifiable suspicion of unethical, inappropriate and/or corrupt practices within the Voice Country Team or any of its grantees, you may report them through the following confidential channels:

- Email: confidential@voice.global
- Phone (Whatsapp and Signal): +855 11 530 308

All reports received will be investigated and, if substantiated, acted upon within a reasonable timeframe. If your concern involves a Voice grantee we will liaise with the Voice country team and/or senior management of either the Hivos or Oxfam office, following due process of the relevant organisation. If your concern relates to the functioning of the Voice country team and/or senior management of the relevant office itself, the Voice Global Programme Manager will coordinate the investigation, again

following the relevant policies and processes of either Hivos or Oxfam. The Global Programme Manager will also be responsible for any concerns related to multi-country grantees. If the concern is directly related to the unethical and/or corrupt behaviours of the Global Programme Manager it will go to the Voice Steering Committee.

The whistleblower can report the event with his/her identity open or anonymously. In all cases, Voice will protect your identity as a whistleblower. We implement a zero-exposure policy to safeguard you as the source of information that helps us to expose and address wrongdoing. The whistleblower should therefore exercise due care to ensure accuracy of the information.

For more information, you can review the Voice Whistleblower Policy and Procedures at <https://www.voice.global/whistle-blower-policy-procedure/>
